From Our President

We are celebrating our 25 years in business in August and because of our customers we are celebrating 25 years in business. Thanks for all your support and business, without you we would not exist.

Our new embroidery machine will be installed in late June, and we will be able to do quick turn embroidery in-house.

We have moved our Lebanon office to 1349 Cumberland Street. The office hours are by appointment. We have seen great growth with our Kwik Quality Press customers, and we appreciate the opportunity to serve you. The transition is still a work in progress, it's hard to have the individual knowledge that Doug had with customers for over 25 years. We appreciate your patience as we learn more about each customer's needs.

We have a new exciting product that is worth looking at. See below, Wellsys Pure Water Systems. I must admit when I first saw the product, I didn't understand why we would sell water systems. Now after a few months, this is a must for every office. We are amazed how many customers are drinking unfiltered water. Let our sales team show you how Wellsys Pure Water Systems will be a big hit with your office.

Thanks again for helping us be in business for 25 years.
